Cat Allard - Classes

Mosaic Art Quilt Class

This is a quick & easy, no-fail wall hanging. It's made with one fat quarter of art fabric (or 1/2 yard, if you want the binding to match). The fabric shown is one I painted myself but any interesting piece of material will be perfect! It works up quickly, leaves plenty of room for creativity & is so easy anyone can do it!

Mosaic Art Quilt Pattern No. 1

Journal Cover Class

Cover your journal, sketch book or any book you choose. The handmade gift of the year! Easy and fun to make! Use a dozen different fat quarters (or eights) for a rainbow effect. This is a 4-hour class and can be paired with Karen Eckmeier's new book *Layered Curves*.

Little Love Quilts Class

Learn Photo Transfer methods while making a Little Love Quilt. Make one, make a bunch, give them away, or keep them for yourself. Everyone will love them. Quick and easy and fun to make! This 4-hour class can be paired with the *Quilted Memories* book.

Photo Transfer Quilts

Learn Photo-transfer methods while making a small wall quilt. This quilt can be any size depending on the number of photographs but as a single all-day class (5 to 6 hours) I suggest the number be less than a dozen so that the quilt top can be assembled for quilting in a single day.

Other classes also available.

~Notes~

I provide detailed class lists tailored to store preferences.

I will work with your store items and suggest them for sale at the time of class.

Class samples are provided on loan or for purchase.

If I make my fabric available in class and anything sells I will pay you the difference between wholesale and retail prices. I also make it clear that any project I do can be made with "store" fabric.
